

# 10th Anniversary Celebration

**CCGA is 10! Join fellow gardeners for an evening of food, music, and fun as we celebrate our collective work in Chicago's community gardens!**

Over the past ten years, Chicago has experienced the incredible growth of numerous community gardens and urban farms. This expansion of community green space is a result of the cooperative efforts and the investment of many, especially **YOU, Chicago's community gardeners.** Please join us in the conservatory's vibrant outdoor gardens as we celebrate our collective work! Revel in nature and connect with friends as you enjoy delicious food, cool drinks, and great music under the mid-August evening sun.
