CHICAGO COMMUNITY GARDENERS ASSOCIATION

Of, By and For Chicago Community Gardeners!

The Chicago Community Gardeners Association’s goal is to enable gardens to support each other and to overcome challengestogether. And together we will build a City that protects, supports, and encourages community gardening in every neighborhood.

As a CCGA member you will be able to participate at a reduced fee in CCGA activities, to help setup and run events, and to participate in our decision making process. In addition, your garden will be highlighted on our city wide community garden map with a large, red dot!

JOIN CCGA!

All community gardens are stronger when we share our passion, strength & skills.
