

CHICAGO COMMUNITY GARDENERS ASSOCIATION

As a member of the Chicago Community Gardeners Association, you will be able to participate in CCGA activities including tours, workshops, plant distributions and regional as well as city-wide events such as the annual CCGA Networking Conference. The benefits to being a CCGA member can also include free seeds, perennial plants & bulbs, partnering in starting your garden's seeds in local greenhouses and, when available, applying for garden mini-grants.

The responsibilities of a member include joining a CCGA committee, helping set up and run events, plant distributions and special garden workdays and, yes, coming up with your own ideas on what CCGA can and should be doing!

Please describe your relationship to community gardening here:

I am a member of a community garden
