

What follows is a summary of ideas put forth as a remembrance/tribute to Julie. My apology for errors in these notes. It was difficult to follow the rapid thread of the conversation.

- A bench at Oak Park Conservancy – a bench is available
- Wilson has 2 unnamed benches at GPC which could be placed at the Demonstration Garden, or the Demonstration Garden could be renamed as Julie Samuels Demonstration Garden
- A donor wall might hold Julie's name in Oak Park Conservatory. GPC has no such wall. To educate young adults to become a botanist or horticulturalist. Designate contribution to program. There is also a docent program
- The ad hoc committee will talk with Julie's family about a bench. Mattie did mention there is a \$5000 price tag which will be adjusted. Also extend the daffodil ribbon
- Mary F ran pointed out that when Julie retired from Openlands, Ellen had a party for her and everyone left with a bulb. From then on bulb distributions have taken place.
- Marsha stated there is a community aspect of creating a memorial
- We should put a quote on CCGA letterhead
- A little Free Library with seeds, books and a program could be created.
- Barb suggested that Julie Samuels should be listed as founding member of CCGA on their website or letter head.
