Grace Seeds Ministry Present:

Food Safety and You: Planning, Handling, and Storage

Sat., 1/25/25 10-11:30 a.m.

[Register for the event here](#)

[Join the virtual workshop here](#)

Food Safety and sanitation in post-harvest handling is immensely important. Whether you are selling or donating, the quality and safety of your produce is the foundation of your relationship with individuals and the public. In this workshop, we'll talk about how to keep those relationships strong through your on-site standard operating procedures.
